# Big Brothers Big Sisters Hawaii

**F**OR OVER 60 YEARS, BIG BROTHERS BIG SISTERS HAWAII HAS BEEN IGNITING YOUNG LIVES THROUGH ONE-TO-ONE MENTORING. By fostering confidence, resilience, and success, we ensure that every child has the support needed to overcome challenges and reach their full potential. Our mentorship programs have supported thousands of young people and families from diverse backgrounds. With caring mentors, keiki make healthier choices, build resilience, and envision a brighter future. By providing positive role models, we create a ripple effect that strengthens families, schools, and communities.

Our dedicated staff are the heart of our mission, fueling life-changing mentorships that shape brighter futures. From the first introduction to ongoing support, they ensure every mentor-mentee match thrives. Case managers conduct check-ins, offer

emotional support, educational resources, and tackle obstacles. Collaborating with schools, community groups, and local businesses to expand opportunities, creating lasting change and empowering keiki to become confident individuals.

In 2024, we reached significant milestones by re-launching our School-Based Mentoring Program, bringing mentorship into public schools to uplift elementary-age keiki. We also expanded our community programs offering vital resources to teens and young adults. These initiatives provide mental health support and mentorship opportunities to more youth, helping them navigate trauma, build resilience, and achieve stability.

We are excited to establish our permanent office and Mentoring Center in Kaka'ako, a dedicated space where keiki will receive expanded case management, counseling, and community engagement.

Serving O'ahu, Maui, and Kaua'i, we are committed to shaping a brighter future for keiki across the islands. As we continue to expand our reach, we invite you to be a part of this life-changing mission. Whether you become a mentor, enroll your

child in our free programs, or support us through donations, your involvement makes a BIG impact.

Help shape the next generation of Hawaii's leaders. Visit [bbbshawaii.org](http://bbbshawaii.org) to learn more and become part of our 'ohana today.
